SeniorWell Partners with PracticeEHR

Product: PracticeEHR practice management system for SeniorWell

Top Line: SeniorWell, a mobile healthcare company delivering on-site podiatry, optometry, dentistry, and audiology services to seniors residing in long-term nursing facilities across the Midwest, has formed a partnership with PracticeEHR, a cloud-based, specialty-specific EHR and practice management (PM) software supplier.

Close Up: PracticeEHR's system will improve operations at SeniorWell by providing tools to more efficiently schedule patients and record important documentation, the companies said

WestGroupe's EVATIK Adds Two Styles

EVATIK from [WestGroupe](#) has added two new styles for summer that combine interesting patterns and refined finishes. Frame style E-9172, which is a round version of the May release style, E-9170, showcases a unique horn patterned acetate coupled with contrasting finishes. The woodgrain finish on the upper part of the frame front and the temples accentuate the high gloss finish on the lower portion of the frame front. This new frame style is available
